Qualified Online Tutor: IB Chemistry and Mathematics
HL/SL/IGCSE Chemistry and Mathematics

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past six years, I've had the pleasure of tutoring a diverse range of students, from those preparing for their IGCSEs to those tackling the rigorous IB curriculum. My experience spans both one-on-one tutoring and online group sessions. I focus on breaking down complex concepts into digestible parts, ensuring that my students not only understand the material but also enjoy learning. I've also helped students prepare for university entrance exams, especially in chemistry and maths. My students have consistently achieved high grades, with many going on to study at top universities.
